IMPORTANT NOTICE - PRODUCT OBSOLESCENCE

Dear Valued Customer,

January 8, 2015

Forney has announced the obsolescence of several Legacy flame detectors. The following Forney flame detectors are included under this obsolescence notice:

Part Number	Description
7819504	Enhanced Digital Profile Detector IR front mount
7819505	Enhanced Digital Profile Detector IR fiber optic mount
7819506	Enhanced Digital Profile Detector UV front mount
7819507	Enhanced Digital Profile Detector UV fiber optic mount
7819574	Digital Profile Detector IR fiber optic mount
7819585	Digital Profile Detector UV fiber optic mount
9101645	Digital Profile Detector IR front mount
9104005	Digital Profile Detector UV front mount

The IDD detectors coupled with IDD amplifiers are suitable replacements for the above flame detectors. Consult your local Forney Regional Sales Manager for specifics on the detector replacement.

Our intent is to support these products for a limited time in order to allow for future planning by all of our customers for their product needs, including any requirements for product spares.

Forney has identified the following Last Time Buy Dates for these product lines:

Product Line	Last Time Buy Date
DPD Detectors	June 30, 2015

Forney Corporation appreciates and values our business relationship and looks forward to your continued interest in our products. We apologize for any inconvenience this announcement may cause and are eager to meet your future product requirements with our world-class quality product lines.

Regards,

Al Beaty

Customer Service Manager
